Provide a description of all meetings and events attended. See Senate Rule 35.2(c)(6). (Attach additional pages if necessary.):

The meetings I attended all addressed the important need to focus on Global Health issues. The CDC provided a in depth discussion on the numerous ways in which it works with research and development and supports other agencies in mitigating Global Health Threats. Each session introduced a challenge and it was followed by a way the CDC presents a solution.

The meetings also provided a unique insight into how congress can support the CDC in their efforts to target key Global Health goals that align with the Administration's priorities.
